

My love,

Thank you for saying YES. This is my first time asking someone to be my valentine and I'm happy that person is YOU !!

Baby, you are someone I hold very dear to my heart, and these four months have been truly amazing and I hope the same is true for you.

Since this is your first time celebrating Valentine I was planning to go on a proper date on the eve of the 14th.

We'll have to talk this through over the phone though.

I love you so much !!

Truly Yours
