

My love,

Thank you for agreeing to be my Valentine. I must confess that this is my first time asking someone to be my valentine and I'm happy that person is YOU !!
Baby, you are someone I hold very dear to my heart, and these four months have been truly amazing and I hope the same is true for you.
Since this is your first time celebrating Valentine I was planning to go on a proper date on the eve of the 14th. We'll have to talk this through over the phone though.
I love you so much !!

Truly Yours
